

**He Giveth More Grace**  
**James 4:6**

Though we see the lust that wars in our members that would separate us from Christ our Husband, God who changes not will not suffer his children to be lost (Hosea 2:10). Where God has begun a work of grace, he gives more grace. Our sin can never separate us from the grace of God. Grace is free. Grace is unmerited. Grace is unchangeable. Has your season of pride and self-serving brought you any peace? Has the Lord made you to see the folly of fighting against him? Here is a most blessed word, "He giveth more grace!"
